Dear Fellow Students and Faculty Members,

While walking in the halls, sitting in the classrooms, and participating in school activities, do you sense a closeness and unity among students and faculty members? If you do not, ask yourself the reasons why. The answers to such questions are simple. Primarily, many of us are too concerned about our own problems and desires to allow the time and energy necessary for involvement with other people. A second reason for this lack of involvement is the presence of apathy. In order to achieve close relationships that will be personally beneficial throughout your life, you must be willing to put forth some effort toward and occasionally initiate these relationships of your peers and teachers. Only with the cooperation of all of us can we expect such an ideal situation which allows for self growth as well as unity.

You, a student of N.S.H.S., have a responsibility to yourself, fellow students, and faculty members to develop a unity necessary for a successful future at N.S.H.S. If togetherness does not occupy a major part of our lives, what accomplishments can be achieved throughout the coming years?

Sincerely yours,
Michelle Bowen

Elizabeth, I've been two short years in spite of three un-
usual classes - having you in an average, 11.5 classes -
a year rivals my student teaching experience - also
challenges it! Well, you long it off to South Carolina
and I sincerely hope that you enjoy it - all of it - academic
and social as well as sports. Remember, "no one said
it would be easy" but you have to allow it to at least BE!
I don't think I'm going to switch to college did not
upset you either make you remember to some degree -
but stay - you'll never conquer anything by giving up,
even if you give up defiantly.

- 2.) Williams placed second in 100 yd. dash — time 11.0 seconds.
- 3.) Williams placed fifth in the long jump — 17'2½"
- 4.) Brooks, Campbell, E. George, Sisco placed sixth in the 880 relay, time — 1:48:2

The girls' track team, in its second season, ended with a very successful season. The girls won the Eastern Shore Invitational Track Meet, placed second in the district, third in the regional and seventh in the state. The 440 relay team, consisting of Louise Campbell, Pat Williams, Dale Upsur and Effie George, set a state record of 50.2 seconds over the previous record of 50.9 seconds. The girls placed in several other events at this meet. Although we lost many girls due to graduation, we expect another good season with the veterans returning and the new members joining our team.

1978 Torch staff has the honor of dedicating the 1978 Torch to Mr. Garnet Mears. Mr. Mears not only accomplishes his responsibilities as a guidance counselor, but he has a deep concern for every individual. He gives 100% of himself to each student and faculty member at N.S.H.S. Our years at N.S.H.S. are the beginning of a significant step in our lives. It is very rewarding for us to know that we have a person like Mr. Mears to talk with in our time of need. On behalf of the student body of N.S.H.S., the 1978 Torch staff would like to say — “thank you, Mr. Mears, for caring.”

Elizabeth, It's going to be horrendous next year not having you around and I guess I'll have to learn how to make my own tea! We've had some really great times; you, Kathie, and I: like our trip to Salisbury and S.A.T's + Achievements, not to mention the rough times like Adv. Comp and Lunch!!!! Good luck next year at college and drop me a letter or a tea bag when you get the chance so I'll know what's happenin'. I kind of thought this was an appropriate

page because of the lovely picture

of you which they wanted to use to chase the mice and vermin out of the cafeteria.

Well, I'm back again!!!

you'll never be rid of me. I'll haunt

you for the rest of your days.

My condolences you're one of the craziest and nicest people

I know not to mention athletically talented. I'm really glad to have

met you and promise, I'll never be able to forget you.

SEE you AT GRADUATION
(I hope to see you this summer too!!!)
